

## 10 Steps to Creating Your First Kindle Book

### Purpose

The purpose of this lesson is to provide you with a quick guide to the steps to creating your first Kindle book.

### Ten Steps

There is a lot of information in this module that teaches you how to create, write and successfully publish a Kindle book. However, there are a lot of steps involved and so, instead of having to go back to all that detailed information, this single-paged guide can be used as a reference:

- ☐ Set up your "*Kindle Direct Publishing*" (KDP) account at [kdp.amazon.com](http://kdp.amazon.com)
- ☐ Choose a niche – by keyword, category or some other market target
- ☐ Find out what people want
- ☐ Write the book
- ☐ Format the book
- ☐ Choose a title
- ☐ Create a cover
- ☐ Pick a price (First book? Try \$0.99 ... lets you enjoy the feeling of getting sales)
- ☐ Write a book description (used for when uploading the book)
- ☐ Upload the book

As mentioned, each of these steps is covered in greater detail, including how-to, recommendations (where applicable), tools and resources (where applicable), etc. so if you do get stuck, jump on over to the lesson specifically covering the step you're stuck on.
